A free translation of the Latin from "All Saints and Sinners" by Frank J. Denzey is:

"When he was alive, ADAM HEAD, gentleman, an indefatigable worshipper of God and lover of the Church, erected this memorial for himself, his spouse and children. In happiness he spent a long life, having been born 4th July 1649, dying 8th April 1729. Nor was his wife, Martha, born 30th April 1663 and who died 21st December 1735, unworthy of such a husband. His wife was blessed with offspring, to wit, five children: a one and only son, and four daughters; two daughters only, however, are in the land of the living, for the others are dead

ANNE 10th December 1682 3rd November 1703
